

# Care Cam

AI WiFi Camera

- Quality Innovation
- Human Detection
- 360° Coverage
- User Friendly Mobile Application
- Local and Cloud Storage
- DIY Installation

# HVG

## Artificial Intelligent Camera

### Specifications

- HD Wifi Camera
- 1080P resolution real time image transmission
- Adaptive Network
- Upto 25/30 frames/second
- Supports image 360 degree rotation
- supports standard Onvif Protocol
- Compatible with mainstream NVR devices such as - Hikvision and Dahua
- Cloud Storage
- Humanoid Tracking
- Smart H.264-S
- Supports TF Card upto 128 GB
- Night Vision
- With LAN Port
- Video Call Notification on Motion

## AI WiFi Camera

### Specifications

- Fish eye wifi camera
- 1080P resolution real time image transmission
- Smart H.264-S
- Humanoid Tracking
- Cloud Storage
- 2-way Audio
- Supports wired network through RJ 45
- Inbuilt siren on motion tracking
- TF Card 64GB
- Video Call Notification on Motion

## Smart WiFi Camera 10X Hybrid Zoom

### Specifications

- 1080P resolution real time image transmission
- Upto 25-30 frames/second
- Requires only 500 KBPS Bandwidth
- Supports 128 GB SD Card
- Greatly reduces storage space occupied by video recording
- Adaptive Network with wifi and Onvif Protocol
- Echo cancellation and noise suppression Technology
- Perfect Half-Duplex Voice effect
- Smart P2P Penetration Technology
- Supports 180 degree screen rotation with 10x zoom
- Supports Multi-user Remote Preview
- Supports Dual Lense with dual light and different focal length to switch freely
- Supports cloud storage
- Supports Humanoid Tracking with Face and Motion Detection
- Custom Alarm Function and Siren
- Requires 12 volt 2 Amp voltage
- Video Call Notification on Motion

## ALR Camera

## Specifications

- Smart H.264 Image Encoding Standard
- Supports Humanoid Tracking with Face and Motion Detection
- Echo Cancellation and Noise Suppression
- Perfect half-duplex speech effect
- Supports frame's 180 degree rotation
- Supports multi user remote preview
- Supports standard ONVIF 2.4 protocol
- Supports Cloud Storage
- Compatible with mainstream NVR devices such as haicang and dahua
- Requires 500Kbps bandwidth
- Support Audio input and output
- Supports upto 128GB TF Card
- Supports WIFI
- Requires DC 12V 2A
- Video Call Notification on Motion
